

Weekly Creative Home Learning

Year Group: Reception

Week beginning: 15.6.20 Week 13

Every **Tuesday** you will see a new chart of some activities that you can do to keep yourself busy and keep your brain active!

Please remember to balance your online home learning with activities that promote your well-being too! Just like you would at school, make sure you take breaks every so often.

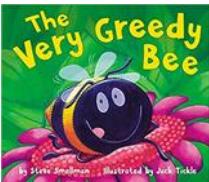

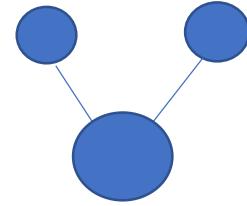

Personal, Social and Emotional development	Communication and Language	Physical Development	Understanding the World
<p>Have a little think with your Mum or dad and talk about the time you have been at home.</p> <p>What did you enjoy the most?</p> <p>When you were at home, what did you achieve? Probably you got better at doing something, for example, did you get better at drawing or your handwriting got better or even you learnt how to ride your bike.</p> <p>Draw a picture of something you enjoyed doing at home.</p> <p>Challenge: write a sentence about your picture,</p> <p>Please upload your creations to apsallstars@alexandra.hounslow.sch.uk</p>	<p>Listen to the information about bees and listen to the story 'Bumble Bear'.</p> <p>https://www.youtube.com/watch?v=7wjjSwmfzBU</p>  <p>Talk together about what your child remembered about the story or any facts that they had learnt.</p>	<p>Practise writing the graphemes q, e, s, f, o focusing on the letter formation.</p> <p>Use the letter sheet in the learning pack to model.</p> <p>Time to get moving!!</p> <p>Do the waggle dance</p> <p>https://www.youtube.com/watch?v=NVYh6RyzWLABee-Bop</p> <p>Bee-Bop dance</p> <p>https://www.youtube.com/watch?v=nXjM_XTgrvY</p> <p>Reinforce the message about the importance of frequent handwashing.</p>	<p>This week we are learning about Bees, as part of our mini-beast topic What is a bee? Why do we need bees?</p> <p>Why are bees so important for us? The bees are endangered, how could we help?</p> <p>Discuss with your child what they know about bees.</p> <p>Watch this video about bees learning different facts about their life.</p> <p>https://www.youtube.com/watch?v=dA05LOfPbIY</p> <p>https://www.youtube.com/watch?v=ta154f5Rp5Y</p> <p>The waggle dance. Explain to the children that bees can communicate and tell each other things. Then watch the video</p> <p>https://www.youtube.com/watch?v=LU_KD1e_nR3Q</p> <p>Honey tasting</p> <p>They are special because they can make lots of honey. Do you know how honey is made? Use the internet to explore how honey is made.</p>

Year Group: Reception

Week beginning: 15.6.20

Week 13

Literacy - Reading	Literacy - Writing	Maths	Expressive Art and Design
<p>Listen to the story 'The Very Greedy Bee'</p>  <p>https://www.youtube.com/watch?v=yw77rwV1LV0</p> <p>Did you enjoy the story? What was your favourite part of the story? In the story there are some rhyming words – slurp and burp. Can you think of any words that rhyme with bee? Can you draw some rhyming words?</p> <p>Please continue to read books on Bug Club. We can check how many books you have read so we can add more if you need. Do make sure you have clicked on every bug and answered all the questions fully. Otherwise the computer thinks you have not finished and we are not able to give you a new book. Please do not read 5 or 6 books a day as there is a limited supply of books available.</p>	<p>Poster fantastic bees!</p> <p>Make a poster supporting the bees. We all know how important bees are for the planet. By making this poster you will help everyone understand why so they can help us look after them.</p> 	<p>This week we will be reviewing addition up to 20. We will be thinking of the strategies that we need to follow and the number patterns</p> <p>1-The first thing we will be looking at is how to add using different tools such as our fingers or toys and adding them together. Problem solving. Tell a story about people getting on the bus. Using the sentence: First there were 3, then 4 more came so now there are 7.</p> <p>2-We are going to remember the part-part whole.</p>  <p>Using this system get your child to draw objects in each box and then add them together and</p>	<p>Make some Bee creations. Here are some suggestions – can you think of your own design.</p>    <p>How to draw a bee: Easy https://www.youtube.com/watch?v=hDo38ZO6V5k More challenging</p>

Weekly Creative Home Learning

Week 13

Phonics

Watch the Letters and Sounds video each day according to the group information sent:

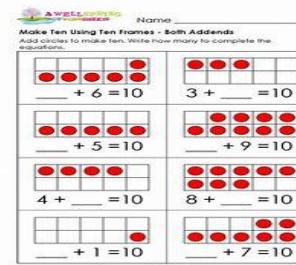

https://www.youtube.com/channel/UCP_FbjYUP_UtldV2K_niWw/featured?disable_polymer=1

write the final number. 5 flowers plus 4 flowers make 9 flowers.

<https://www.youtube.com/watch?v=vzeaxLQDkE>

<https://www.youtube.com/watch?v=Yid5a3qxWI>

3- Using the ten frame.
We have also been using the number frame to do our addition. Using the ten frame will help you subtilize the number and you will not need to count! Use two number frames to add numbers up to 20.

4 -Counting on
Use the counting on strategy to add two numbers.
