## Sport Premium Expenditure and Impact for 2018-19

### Funding received

Alexandra received funding at the following levels:

Financial Year	Total Sport Premium Funding
2018-19	£21490

### The principles by which pupil premium funding is allocated

Alexandra Primary School is dedicated to promoting healthy and active lifestyles and to providing a wide range of Physical Education & sporting opportunities for all of its pupils. The sports premium is being used to develop staff skills in delivering PE and providing additional sporting opportunities for all pupils.

The majority of the Sport Premium is being used to buy into the enhanced package of the Hounslow School Sport Partnership (Sport Impact). This provides staff with subject specific CPD in sports like gymnastics and multi skills, and is supporting the school's existing PE leader in planning a longer term vision for PE and Sport in the school. The partnership links the school to local sports clubs, provides access to competitions for the gifted & talented, and organises an annual programme to get more pupils participating in competitive sport.

At Alexandra Primary School sport is encouraged through extra-curricular activities at lunch, before and after-school. Activities offered include Netball, Cross Country, Girls Netball, Mixed Hi-Five Netball, Boys Football, EYFS Football, Cricket Athletics, and Dodgeball, with the hope of introducing new sports this academic year. Most clubs are free and are available for every pupil.

The PE and sport premium has increased the engagement of both staff and pupils in PE and Sport. Teachers focus on raising pupils' achievement and developing multi abilities, not only in their PE lessons but across all other curricular subjects too.

## How was Sport Premium spent in 2017-2018?

Sport Premium was directed towards supporting teachers who were in need of support. The funding was also used to provide opportunities for children to take part in sport from year groups who were not well catered for in the past (year 3) and in less mainstream sports, such as, hockey, boccia and kwik cricket.

Sport premium funding was allocated to the following categories in 2017-2018:
