

Year Group: 1

Week beginning: 18.12.23

Christmas Holiday Home Learning

Alexandra
Primary School

Aspire, Perform, Succeed

Please upload completed homework tasks to your Google classroom where possible. This can be submitted once completed over the week and please complete it before Friday 12th January 2024.

For the holidays, we would like you to complete the following tasks:

MATHS Homework

In Maths, we have been learning how to name and describe 3D shapes.
For homework, make a collection of 3D shapes from your home, such as a tin of food (cylinder), a ball (sphere), a dice (cube), a cereal packet (cuboid) and an ice cream cone (cone).

- Make a simple ramp.

Think about which shapes you think will roll down the ramp?

Test the shapes by placing them at the top of the ramp.

You can write it down in a piece of paper and upload it on Google Classroom.

Does It Roll?

- Look at the different objects. Can you name which 3D shapes they are?
- Which shapes do you think will roll down the ramp?
- Test the shapes by placing them at the top of the ramp.
- Which shapes rolled?

English Homework

Daily for 20 minutes

Read different types of books: a picture book, an adventure story, poems, newspaper, comic, cereal boxes, instructions for games and the reading books sent home.

Next half term our topic will be space! We would like you to create a space poster with loads of really cool facts about space. You can think about different astronauts, space missions, planets etc and bring it to show us.

Make sure to decorate the posters with your most beautiful drawings!

Please log on to Doodle Maths and English and keep reading! Reading is so important to the rest of the curriculum. Enjoy reading and read as many different styles of books as you can.
