# Summer Home Learning

Dear Year 5 moving to Year 6

Please check below to see the home learning we would like you to complete over the Summer holiday. We would like to thank you and your parents for your hard work over the year. This homework will be due back on the first full week of the Autumn Term 2021-22 (Week beginning 6<sup>th</sup> September.) We would like you to continue with your reading and Maths over the holiday and make sure you enjoy some non-screen activities too. Have some fun with them as we all need to take a break from the screen!

Well done for all of your hard work. Please feel free to send us some of the outcomes of your amazing activities to the year group email address.  
The Year 5 team.

Your new teacher would have explained a little about the project when you met them on Monday 19<sup>th</sup> July. Remember this is the first piece of work that your new teacher will see from you!</p>

To the future Year 6,

Congratulations for finishing Year 5 and working so hard this year; you should be proud of all you have achieved. To ensure you are prepared for starting Year 6, it is very important that you do the following over the Summer:

1. Read, read and read some more! We would like you to read a range of different text types and discuss what you have read with adults. Reading Plus will also be available over the Summer and there will be Dojo points for children who have made an effort to read every week.

2. If you are not confident with your times tables, now is your chance to practise. Knowing them will make Year 6 much easier. Use Times Tables Rock Stars and ask your family to test you at every opportunity.

3. As you may know, our Autumn term Topic is The Victorians. To be prepared for this, you must complete a research project over the holidays. This should be well-researched and presented in your own words -no copying and pasting from the internet! We would like to see a booklet, a PowerPoint presentation or even a model that shows off all you have learnt about the subject. **Choose four topics from the following to research over the Summer: education, life as a Victorian child, Victorian food, transport, buildings, clothes, hobbies and pastimes or jobs and daily life.** In September, you will be sharing these with your new class and sharing your home learning.

4. Lastly, but certainly not least, it is very important that you **rest** and **relax**. It has been a long year and you all deserve to enjoy your Summer holidays.

See you in September,

Mrs Carrasco, Miss Padda and Miss Cooper
