

To the future Year 6,

Congratulations for finishing Year 5 and working so hard this year; you should be proud of all you have achieved. To ensure you are prepared for starting Year 6, it is very important that you do the following over the Summer:

1. Read, read and read some more! We would like you to read a range of different text types and discuss what you have read with adults. Reading Plus will also be available over the Summer and there will be Dojo points for children who have made an effort to read every week.

2. If you are not confident with your times tables, now is your chance to practise. Knowing them will make Year 6 much easier. Use Times Tables Rock Stars and ask your family to test you at every opportunity.

3. As you may know, our Autumn term Topic is The Victorians. To be prepared for this, you must complete a research project over the holidays. This should be well-researched and presented in your own words - no copying and pasting from the internet! We would like to see a booklet, a PowerPoint presentation or even a model that shows off all you have learnt about the subject. **Choose four topics from the following to research over the Summer: education: life as a Victorian child, Victorian food, transport, buildings, clothes, hobbies and pastimes or jobs and daily life.** In September, you will be sharing these with your class and sharing your home learning.

**Any online homework can be emailed to: [year6@alexandra.hounslow.sch.uk](mailto:year6@alexandra.hounslow.sch.uk)**

4. Lastly, but certainly not least, it is very important that you **rest** and **relax**. It has been a long year and you all deserve to enjoy your Summer holidays.

See you in September,

Miss Carberry, Miss Cooper and Mr Berryman
