Homework

Dear Parents/Carers,

Due to COVID19 Protocols in operation regarding bringing items to and from school, we have reviewed our homework procedures. We will keep the procedures under review. Homework will continue to be set online for the foreseeable future to avoid cross contamination. Please access it from the school learning pages from the school website: www.alexandra.hounslow.sch.uk

If children do not have access to the internet, then school will provide a paper based pack for the children to complete and a lunchtime session in our ICT suite will be made available so that children can complete homework set.

Homework will consist of:

- Doodle allocations in English and Maths.
- A reading program such as Bug Club or Reading Plus (Year 4-6).
- A Maths program such as My Maths or Mathletics.
- A project which will be on-going over the half term and link to the year groups' theme for that half term.

You will be able to access a grid online in the learning section of our website every **Tuesday**. We would expect children to have completed the set tasks by the following Monday. This gives time at home for children to complete their homework and for us to ensure we can support children who do not have internet access at home over the course of the week at school. Please see the next page which has a guide to navigate where to find the homework for each year group.

If there are any questions or queries in the first instance, please phone the school office or email the Year Group Leader directly using the new email address provided, for example for Year 1: year1@alexandra.hounslow.sch.uk and change the number for the Year group you would like to contact. Reception and Nursery include the full word: e.g. reception@alexandra.hounslow.sch.uk

Yours sincerely,

Mr Norton
Head Teacher
